Introduction

Learning styles new generation(s)

Learn from the wise ...

“IF YOU TELL ME I WILL LISTEN,
IF YOU SHOW ME I WILL SEE
BUT
IF YOU LET ME EXPERIENCE
I WILL LEARN”

Lao Tse

Theory and Practice: what comes first?

Is it not time to abolish “Death by PowerPoint” and let students learn by doing?

Electronic means: CBT, e-learning, ... and what about the classroom?

Is it not time to abolish the classrooms and trade them for electronic learning rooms?

Gamification: is ATC a serious game?

It is not time to throw away manuals and study books and trade them for games?

Will we still need instructors in the future?

How do you see the role of instructors evolve in the future? Do we still need instructors?
